Handling of the main unit

Precautions · https://manual.amnimo.com/en/docs/precautions/handling-of-this-product-in-the-safety-body/

 Warning.	Do not disassemble or modify the product. Doing so may cause fire, electric shock, or injury. Do not insert pins, wires, or other metal objects into the main unit. Failure to do so may cause abnormal operation, resulting in injury, electric shock, or a malfunction. Do not allow children to use it alone or keep it out of the reach of young children. Doing so may cause electric shock, injury or burns. Do not pour water inside the main unit. Doing so may cause a short circuit, electric shock, or fire. Do not use organic solvents or detergents such as benzene or thinner for cleaning. Doing so may cause discoloration, deformation, or damage.
 attention (heed)	When using this product, it must be installed on a level and stable location using the specified accessory (sold separately) fixture. This is to ensure stable operation of this equipment and to avoid any possible influence on the human body in the event of an accident.
