For emergency and other situations requiring continuous connection

precautions · https://manual.amnimo.com/en/docs/precautions-en/for-emergency-and-other-situations-requiring-continuous-connection-5/

Amnimo portable devices, like other wireless devices, operate using radio signals and cannot guarantee connectivity in all circumstances. Therefore, you should not rely solely on the wireless device for emergency communications or use the device in any situation where interruption of data connection could result in death, personal injury, property damage, data loss, or other loss.
