Register a camera icon on the map

Web Map Setup and Operation · https://manual.amnimo.com/en/docs/web-map-setup-and-operation-en/register-a-camera-icon-on-the-map/

The Web Map page allows you to set and view camera icons on the map.

Register a camera icon on the map

Camera locations can be displayed as camera icons on the map. This section describes how to register camera icons.

1. Click on "Register Location" in the camera list.

2. Drag the camera icon to adjust its position. You can also click on the camera icon to change the orientation of the camera icon.
3. Clicking on [Determination] completes the registration of location information.

Note that the latest thumbnail will be displayed when you click on the registered camera icon.

You can also click on a thumbnail to access the camera detail page.
